#### CLIMBED THROUGH A SKYLIGHT.

Burglars Took Hardware Worth \$506 From Broch & Thickes.

Burglars broke into the hardware store of Broch & Thiebes, at No. 215 South Broadway, early yesterday morning and stole about \$500 worth of hardware, consisting mainly of cutlery. They entered the building by climbing down through the skysisting mainly of cutlery. They entered the building by elimbing down through the skylight. A shed about twenty feet high in the rear of the store afforded the burglars a means to get on top of the store.

When on top they broke out the glass from the skylight and climbed down into the store. The show cases were broken open and robbed of their best wares. The thieves were evidently frightened away from their work, for they left a lot of knives, razors and revolvers, which had been bundled up to carry away. They left the building by way of the back door.

No attempt was made to blow open the safe, which contained about \$200 in money. When the proprietors reached the store yesterday morning they found a state of confusion inside. They notified the police, who set to work on the case. Fifteen dozen knives and thirty-nine razors were recovered in one secondhand store and sixteen knives in another. The police have accurate descriptions of the men.

The exact amount of property stolen cannot be ascertained until an investory is taken of the stock.

The Stock Exchange settling day's totals for the year ♦ ◆ aggregated £1,582,624,600, being £243,653,969 over 1990, and £38,329,600 over 1999, the previous record.

## FAILURES OF YEAR NUMBERED 11,076.

\$174,113,236 in 1900—Canada Also Showed Improvement.

1901 were 11,602 in number and \$113,692,376 in amount of Habilities, while of banking and other fiduciary institutions there were seventy-four insolvencies, involving \$18,618,-774, and a total of 11,676 defaults and \$131,-111.150 Habilitles.

These figures compare very favorably with the 19,833 fallures in 1909, with Habilities of \$174.113.236, of which fifty-nine were banks, for \$35,617,563. Manufacturing disasters in 1991 numbered 2,441, with an indebtedness of \$44,960,983, compared with 2,409 in the previous year, owing \$51,562,142, while there were 7,965 suspensions of traders for \$52,969,649, against 7.844 in 1969, with liabilities of \$59,-415,592. The defaulted liabilities were \$ cents to each \$1,000 of bank exchanges.

A ratio to the number of firms in business show that the entire amount of defaulted indebtedness averaged \$94.53 for each concern. This amount compares with \$119.63 in 1900, while going back to 1893 the average was \$20.65.

In many ways the prosperous conditions in the United States were shared across the northern border, for commercial failures in the Dominion of Canada were fewer in number and smaller in liabilities than in five of the preceding seven years. As to banking insolvencies, the statement was even more favorable, no one of the earlier years making as good an exhibit. All commercial defaults numbered 1,341, with Habilities of \$10,511,671, which compares with 1.355 in 1999 owing \$1,613.298. In manufacturing there were 289 fallures for \$1,555.95, against 398 in the previous year with Habilities of \$3,201.955. Trading fallures numbered 1.029, with a total indebtedness of \$5.845.329, compared with 1.019 in the previous year for \$7,232.349.

## SAYS CITY OFFICIALS ARE TOO WELL PAID.

Governor Odell Believes That Some New York Servants Get Too Much Money.

#### SERVICES ARE NOT WORTH IT.

Also Regrets Great Cost of Receiverships, and Recommends Heavier Punishment for Assault to Kill.

Albany, N. Y., Jan. 1.-The General Asembly convened in annual session to-day. S. Fred Nixon was re-elected Speaker of the House, and the other Republican caucus nominces of the House, as well as those of the Senate, were elected. The hearing of the annual message of Governor Benjamin B. Odell and the introduction of a few billis were the only business before adjourn-

ment until Monday. Governor Odell's message is devoted largely to the discussion of affairs in Greater New York. "In looking over the salary list of the city of New York," Governor says, "it will be found that there are several officials who receive a larger salary than the Governor of the State, or the Cabinet officers of the United States, and it cannot be claimed with any degree of truth that the services rendered are always commensurate with the compensation given."

The excessive cost of receiverships of pub-Its or semipublic institutions is illustrated by the fact that the total expenses involved in the liquidation of the affairs of seventy corporations during the pust ten

years have been \$1,606,223.84.

In order to remedy the evasion of tax laws by corporations, the Governor suggests that local Assessors be given authority to compel corporations to furnish lists of stockholdings. In view of the fact that, had President McKinley survived the assault of Czolgosz,

the latter could only have been sentenced to ten years' imprisonment, Governor Odell recommends that on a charge of assault with intent to kill a sentence of twenty-five years be imposed.

The Governor recommends that the di-vorce laws be amended so that a decree shall not be absolute until six months after

shall not be absolute until six months after it is granted.

In directing attention to the excessive and increasing cost of maintaining public institutions, Governor Odell seeks "to impress upon the Legislature that the time has come to call a halt and to demonstrate that many of our charitable asylums are not run so much for the benefit of the inmates as for the exposition of peculiar and sentimental ideas that should have no part in the management of our public institutions." A change in the matter of commitment of insane persons is recommended, so that where relatives or friends are able to support those harmlessly insane they may not become a burden on the State.

#### MARYLAND ASSEMBLY MEETS. Elects Officers and Then Adjourns for

Elects Officers and Then Adjourns for a Week.

Annapolis, Md., Jan. I.—The General Assembly of Maryland began its deliberations to-day, and after a brief session adjourned for a week, in order to allow time to make up the committees. Noble L. Mitchell of Harford County was elected Speaker of the House, and Senator John Hubner of Baltimore County was re-elected President of the Senate. All the officery of last session were re-elected in both houses.

The fact that notices of contests for the seats of six Rapublicans in the House and one in the Senate were presented to-day indicates that the Democrats desire a more comfortable werking majority both on joint ballot and in the House than they now have, and, as the results in all the cuses brought up to-day were very close, it seems likely that some changes will be made in the present make-up of the Assembly.

The coming election of a United States Senator created but little comment, as it is almost universally believed that ex-Senator Mr. Gorman will have no difficulty in securing the prize when the balloting begins.

MASSACHUSETTS COURT CONVEXES.

#### MASSACHUSETTS COURT CONVENES. Rufus A. Soule Senate President and J. J. Myers House Speaker.

Boston, Jan. 1.—The Great and General Court of Massachusetts was convened to-day for the session of 1992. Rufus A. Soule of New Bedford was re-elected by the Senate as President, and the House elect-ed James J. Myers of Cambridge Speaker ed James J. Myers of Camoringe Speaker for the third time.

The Senate includes thirty-three Repub-licans and seven Democrats, a gain of two Republicans, compared with last year. The House has 165 Republicans, 72 Democrats and two Social Democrats, a gain of four-tion Democratic Republicans, again of four-

and two Social Democrates, a gain of four-teen Democratic Representatives over last year. There is a tie in one district, it is expected that the session will last weil it to June.

From the present outlook the most im-portant measure that will come before the Legislature this year is the bill for a second subway in Bostom. A bill passed last year was vetoed by the Governor, but it is expected that this year's message will be framed so as to meet the Governor's sporoval.

## THREE WERE KILLED AT A WATCH PARTY

Man and Son and Their Slayer Dead, Another Son Mortally Wounded, and Wife Shot.

Augusta, Ga., Jan. 1.-Three people were tilled and two wounded last night at Robbins, N. C., in a fight which occurred during a party given at the residence of Jesse Griffin. The participants were white people and well known in this part of the country. The dead are George Dunbar, Harry Dunbar and Fletcher Bennett. The wounded are Mrs. George Dunbar and Ar-

thur Dunbar.

A "watch party" was given at the residence of Jesse Griffin, and during the evening William Cobb became involved in a dis-pute. Cobb later left the house. After his departure the quarrel was taken up by Fletcher Bennett, and Dunbar drew his pis-tol. Griffin, the host, interfered, taking Dunbar's pistel from him.

Bennett suddenly seized the weapon and

shot George Dunbar, killing him instantly. The latter's son, Harry, came to the defense, but was also killed by Bennett. Arthur Dunbar, another son, also joined in the fight and shot Bennett.

The shooting became general, and Bennett received a second shot, which killed him, and Arthur Dunbar received a wound which may prove fatal. Mrs. Dunhar was also shot, but it is believed that she will recover.

Arthur Dunbar was brought to the hos

pital in Augusta, where the physicians pronounced his wounds fatal. The Dunbars are cousins of W. H. Dunbar, former Post master of Augusta.
